### Open Discussion

Mrs. Brown - working on garden. Still giving a lot to the school everyday. Looking to start a committee for the garden. Would like the PFC to help asking for volunteers. Looking for people who have knowledge of gardening, fencing and trying to get a shed involved as well. Eventually goal is for kids to curate it. Need help setting up planters. Line item from our budget was - \$1988 for the garden. Each grade level has section of garden and use it to learn life sciences.

Talent show - A bunch of 5th graders came asking if they are going to do it. They ask her everyday. Mrs. Perez has a talent show in her classroom. Had a parent who used to do it (also did a book club). Her name was Lakshmi. Problem: there was so many parent complaints. Was going to do it the year of covid and couldn't end up doing it. We haven't had one in 6 years. Suggestion: Each classroom practices their own talent and perform for other 5th grade classrooms.

In January, will do kindness week. Will find out what the district needs.

Meeting Adjourned.
